LOT 142 - 2022 AGROTK 43" Flail Mower (Black In Color)-Unused

Description

- Agrotk excavator flail mower has a hydraulic motor with oil-in, oil-out, and drains port
- Suitable for 6-8 ton excavator
- Self-leveling kit
- Adjustable skid shoes
- Belt drive transmission
- High-performance cutter drum
- Mounting couplers included
- A case drain line is required to add
- Replacement teeth available

The AGT Industrial 43" brush flail mower for 6 to 8-ton excavators features a self-leveling kit, adjustable skid shoes, and a reliable belt-drive transmission.

Designed for maximum efficiency, this flail mower sits level thanks to the large skid shoes, making it easy to connect.

The self-leveling kits make mowing grass and bushes on slopes, riverbanks, hilly areas, and ditches a breeze.

The mower comes with a **case drain line** (3/8" hose line) to relieve the excess pressure built up in the pump. You will need to add the line to the reservoir on your excavator.

- **Excavator connection: CAT307/308**
- Blade distance: 1.85"
- Number of knives: 24
- Working width: 43"
- Tool shaft speed(r/min): 1410
- Flow: 10-16 GPM
- Auxiliary pressure: 2900 psi
- cutting width: 43"
- Model EXFLM115.

Quantity: 1
