Description

Note:

- This brush cutter is suitable for any brand of machine with flow between 12-16 GPM (± 1)
- **Be sure to fill the gearbox before use: use a funnel and top up with the appropriate gear oil until almost full.**
-
- 3/16" Thick Steel Mower Deck
- Powder Coated Black Paint
- Welded Wire Wrap Protection Ring
- Cutting width: 68"
- Max. cutting capacity: 4"
- Min. cutting height: 2"
- Quantity of blades: 2
- Flow rating: 12-16 GPM
- Max pressure: 3050 psi

This attachment is a direct drive design making it extremely durable and effective for cutting larger debris. The design also features an oil-filled bearing housing for extra protection. This model has a built-in relief valve to protect the hydraulic motor and spindle.

- RC72 Brush cutter has a direct drive one-way check valve hydraulic motor
- Skid rails run along the entire mower deck sides
- Motor enclosure guard
- Hydraulic hoses and 1/2" flat-faced couplers included
- Front-opening mowing, alloy steel blades. It is easier to cut shrubs.
- Model SSRC

Quantity: 1
