LOT 203 - TMG Industrial 4" Wood Chipper-Unused

Description

Features

- Maintain your home, acreage or commercial property with this handy, economical solution for tree limbs, branches and other yard waste
- Kohler 7 HP Commercial Command Pro Series engine is known for its smooth operation, reliability, power output and long-lasting lifespan
- Gravity fed sloped chute offers effortless feeding for lawn clippings, twigs, shrubbery, compost and any other debris to be processed
- Tough, durable double edge cutting blades stay sharp for a long time but are also reversible for when you need to change them
- Dual belt drive system attaches to the blades and effectively transfers force produced from the engine and turns it into superior cutting power
- Advanced centrifugal clutch provides efficient energy transmission that allows the machine to run smoothly and for long periods of time

- Adjustable discharge allows you to accurately dispose of mulched product whether that's into a dump trailer or directly to a garden bed

- Displacement: 208 cc
- Start type: Recoil
- Oil capacity: 0.6 L
- Cast iron cylinder liners
- Oil Sentry™ automatically shuts the engine down in low-oil condition

Product Description

The TMG-GWC4 gasoline powered wood chipper is garden care, property maintenance and yard clean all up packed into one affordable and convenient machine. Tidy up any piece of land with this handy addition to your equipment inventory. You'll be able to mulch branches, shred debris and get rid of yard waste with your brand new, easy to use home upkeep or commercial care solution.

Powered by a reliable 7 HP Kohler Command Pro Series gasoline engine for heavy-duty, all day work and operation. The dual belt drive system connects to tough, durable double edge cutting blades that can chew through branches up to 4" in diameter and turn them into an even mulch that can be used for your garden beds or landscaping projects.

Gravity fed sloped chute guides lawn clippings, compost, twigs, shrubbery and any other small brush or foliage to be processed in no time at all. The hinged hopper allows for easy drum access and maintenance while the adjustable discharge lets you accurately dispose of processed product.
