

Sale Name: CRANBROOK-September 27th, 2023

LOT 208 - TMG Industrial 3'x6' Metal Pent Shed-Unused

Description

Features

- Small sized shed for the storage of tools, fertilizer products, soil, buckets and equipment that can be used for any garden or backyard
- Galvanized corrugated metal sheet panels are durable and highly resistant to moisture and sun exposure
- Pent roof design prevents snow and water build-up to avoid a damaged or collapsed roof; no more replacing shingles or worrying about leaks
- Two air vents maintain airflow to prevent sweating in the summer while also allowing fumes and odours from outdoor products to escape
- Includes 4 anchors for stability and all other necessary hardware for an easy self-tap screw together assembly

- All assembly hardware included
- Assembly required: medium
-
- This product is packed in a carton crate shipping box
- Shipping dimension: 71" x 29" x 4"
- Shipping weight: 95 lb

Product Description

The TMG-MS0306 Metal Pent Shed is a compact and multi-use storage solution for any backyard or garden. Store your mulch, fertilizer, hand tools, buckets and other gardening equipment for easy access and secure weatherproof protection.

Galvanized corrugated metal sheet panels are highly resistant to water and sun exposure making this shed durable and long lasting. The pent roof design also allows rain and snow build up to easily slide off the structure preventing collapse and damage.

Built in air vents help to maintain steady airflow, preventing overheating and allowing the escape of fumes or odours from garden products. A side door entry and latch design can be padlocked to protect your belongings, keeping them safe and ready to use when you need them.

TMG Industrial 3' x 6' Galvanized Metal Pent Shed, 29 GA Corrugated Metal, 75" Upper edge, TMG-MS0306
