Shipping Information

- Packed in one carton shipping box
- Shipping dimension: 23" x 17" x 21"
- Shipping weight: 66 lb

Product Description

The TMG Industrial 4" semi-trash water pump is designed to allow small debris up to the size of a dime to pass through the cast iron impeller pump without clogging. Commonly it is used to pump clear, slightly muddy or sandy water. The machine features a powerful 7.5 HP gas engine capable of moving 352 GPM. Included in the box is a hose filter designed to handle water with mud, leaves, sand, sludge, and small twigs, ensuring uninterrupted use. A full cage protects the engine and pump, allowing for use in rough environments and a 3.6L gas tank provides 2.5 hours of runtime. The hose end connectors are made of quality metal to increase the operating lifespan and provide a reliable seal.

TMG-100TWP 352 GPM 4" Semi-Trash Water Pump with 7.5 HP Gas**Engine**
