LOT 231 - TMG Industrial Hot Water Pressure Washer 4000PSI-Unused

Description

Features

- Reinforced, fully welded industrial use structure with a powder-coated steel frame finish can hold its own on any job site and is resistant to rust and corrosion
- Automotive engine type rubber cushions added on the base to reduce vibration and noise while operating as well as reducing wear and tear over time
- Diesel oil fired burner with stainless steel housing that can heat water to approximately 85°C in just under three minutes for more cleaning power
- Flame detector integrated to provide signals with accurate timing for the fuel pump and 12V DC ignitor ensuring reliable startup on every use
- All-in-one operation control panel that includes an adjustable thermostat, on/off switch and easy-to-use water pressure settings
- Compact design and attached lifting bar for convenient mobility while working, between job sites and taking in and out of storage

- 100' high pressure 3/8" hose with a hose reel mounted allows you to work around big vehicles or farm equipment and also cover large floor spaces, driveways or buildings

- Displacement: 429 cc
- Starter type: Recoil & electric start (battery included)
- Cast iron cylinder liners
- Oil Sentry automatic shutdown

Accessories:

- 100' high pressure hose and hose reel
- 3' spray wand and gun assembly
- Five nozzle
- This product is packed in a metal crate shipping box
- Shipping dimension: 44" x 25" x 49" (L x W x H)
- Shipping weight: 510 lb.

Product Description

The TMG-HW41R commercial grade 4000 PSI hot water pressure washer makes the cleaning of your company vehicles, farm equipment, ride on machinery, windows and walls convenient and easy to do. Whether you're working in oil and gas, construction, transport or agriculture, this pressure washer is a great addition to your inventory and will save on cleaning costs for years to come.

Powered by a reliable 14 HP Kohler Command Pro Series engine that is built to last and capable of all day operation. It pumps out almost 4 gallons per minute under approximately 4000 PSI of pressure that will cut through grease, dirt, oil, flaked paint and anything else you need to wash away with ease.

Your new pressure washer has a steel frame and powder coated finish that makes it resistant to rust, wear and corrosion for superior, long-lasting performance. A 12V DC ignited oil burner heats water to a steaming 85°C in under 3 minutes for even more cleaning power. The TMG-HW41R is a cost-effective cleaning solution for your home or commercial business.
