LOT 253 - TMG Industrial Hydraulic Skid Steer Flail Mower-Unused

Description

Features

- 67" of working width for time-saving, economical mowing of bigger areas such as fields, long ditches, building perimeters and large yards
- Hydraulic motor system with belt drive to the double spiral flail shaft for forceful, efficient energy transfer that delivers high performance mowing action
- Height adjustable rear roller installed to provide a fine even finish and carriage support caster wheels included
- 28 long lasting and durable forged flail hammers that grind through tough matted grass, weeds and other overgrown vegetation with ease
- Adjustable skid shoes mounted on the sides that absorb most of the shock and protect the mower from damage
- Included flat face couplers, hydraulic hoses and a universal mount that makes this mower compatible with most skid steer makes and models

- A $\frac{3}{8}$ " case drain line has been added to relieve excess motor pressure and maintain a steady work output for high volume commercial environments
- Skid steer power recommended: 30-70 HP
- Total width: 72"
- Working width: 67"
- Cutting capacity: Up to 2" diameter
- Auxiliary pressure: 2900 PSI
- Hydraulic flow rate: 18-23 GPM
- Number of hammers: 28
- Front guard: Cantilever galvanized slats
- Adjustable roller height & castor wheels
- Adjustable skid shoes
- Hydraulic hoses & flat faced NPT thread couplers included
- Universal skid steer mount
-
- Packed in a shipping crate
- Shipping dimension: 77" x 34" x 30"
- Shipping weight: 890.0 lb

Product Description

The TMG-SFM72 Skid Steer Flail Mower is a top-of-the-line option for anyone looking for a reliable and efficient solution to cutting rough and overgrown terrain. With its heavy-duty frame and flail hammers, this skid steer mower can handle the toughest grass and weeds with ease. Additionally, its universal mount makes it compatible with most skid steer makes and models.

Maintaining large areas is made easy with the TMG-SFM72's 67 inches of working width. Say goodbye to the headaches of traditional rotary mowers that often jam and clog on rough ground. The flail mower cuts through tough growth, turning it into evenly distributed mulch and eliminating the need for extra clean up.

The hydraulic motor and belt drive transfer powerful energy from your skid steer to the mower, making it a top choice for anyone in need of a high-performance skid steer flail mower. The 28 heavy-duty flail hammers can handle vegetation up to 2 inches in diameter, leaving a clean and even finish.

This mower is perfect for restoring and maintaining roadways, building sites, farms, ranches, commercial, and residential lands. If you're in the market for a skid steer flail mower, the TMG-SFM72 is a top choice for anyone in need of a high-performance solution.

TMG Industrial 72" Hydraulic Skid Steer Flail Mower, TMG-SFM72
