

Sale Name: GREENWOOD, BC-APRIL 6TH, 2024

LOT 259 - TMG Industrial 48" Stone Burier 3 Point Rotary Tiller-Unused

Description

Features

- Ideal for seedbed preparation, sod/hobby farms, garden plots, landscaping projects, nurseries and more
- Pushes stones & other materials up to 6" deep into the ground leaving finely tilled soil on the surface
- Rear basket style roller evens out the soil as you till for a groomed, level finish that you can then work or drive on
- Chain drive-side transmission provides dynamic energy transfer for powerful digging; side mount articulation which allows for easy maintenance
- Adjustable PTO mounting point supports a horizontal offset capability allowing you to get close to fence lines, buildings, trees and bushes
- 24 heavy-duty, replaceable forged steel LH and RH tines are long lasting even with the hard work they have to do smashing against stones, roots and other debris

- Powder-coated finish defends this tiller from the elements and makes it resistant to rust, wear and corrosion; all year, all weather use and storage protection
- PTO driveline shaft included for easy hook up to your tractor and allows you to draw power directly from its engine
- Strong, dependable construction made of industrial strength materials; built to last and get the job done
 - Tractor power recommended: 25-50 HP
 - Size: 52" x 54" x 36"
 - Working width: 48"
 - Tilling depth: 4-¾"
 - Blade quantity: 24
 - Rotary flanges: 7
 - Stone burying capacity: 2-½"
 - Rotor shaft speed: 208 RPM
 - PTO rotary speed: 540 RPM
 - PTO driveline shaft (included)
 - Category 1, 3-point hitch
 -
 - This product is packed in a metal crate shipping box
 - Shipping dimension: 55" x 42" x 29" (L x W x H)
 - Shipping weight: 785 lb

Product Description

The TMG-TSB48 Stone Burier & Rotary Tiller has been designed to efficiently prepare your seed bed, nursery, sod farm, garden plot or other landscaping area with a clean, fine-soiled finish. Capable of burying stones and other debris up to 6" deep, leaving fresh, organic earth layered on top for prime seeding grounds and superior growing potential.

Compatible with 25-50 HP tractors, this stone burier comes complete with a Category 1, 3-point hitch hookup and PTO driveline shaft that easily attaches to your tractor. This provides efficient energy transfer directly from the machine and has a rotary speed of 540 RPM. 24 heavy-duty tines powerfully dig into the ground with the help of 7 rotary flanges at a low speed of 208 RPM that ensures a thorough reworking of the land after just one pass.

Conveniently side mounted chain drive for easy maintenance and a powder coated finish protects this tiller from rust, wear and corrosion for all weather, all year performance and storage. 48" of working width makes large passes go by in a flash so you can spend less time maintaining and more time producing your final product or growing your next crop.
