- Material: All steel
- Meets ASME B30.1 safety standards
-
- This product is packed in a carton crate shipping box
- Shipping dimension: 49" x 11" x 6" (L x W x H)
- Shipping weight: 35 lb

Product Description

The TMG-AJF48 Off-Road Farm Jack is a reliable ratcheting tool that can be used for a wide range of applications that involve lifting, pulling, clamping, winching, and spreading. With a load capacity of 3 tons (6000 lb) and a lifting range of 5" to 40", this jack is ideal for vertical and horizontal use in remote and rough environments, farm-related applications, and even as an emergency fire and rescue tool.

The jack's fast lifting mechanism ensures that you can lift items quickly while maintaining safety. It also features a rust-resistant, powder coated finish and zinc-plated hardware, making it durable and able to withstand harsh environments.

Having a wide base adds extra stability, making this piece of equipment sturdy, reliable, and safe to use. Because this is a mechanical jack, you can operate it anywhere without a source of power, and will require little maintenance and upkeep even after years of use. Perfect for heavy-duty agricultural and isolated working areas.

TMG Industrial 48" Off-Road Farm Jack, 3 Ton (6000 lb) Lifting Capacity, 5" to 40" Lift Height, TMG-AJF48
