- Shipping weight: 125 lbs

Product Description

The TMG-MGB79 Metal Raised Garden Bed is a long-lasting solution for growing your own backyard herbs and vegetables. Standing 30" tall you can easily tend to your garden without straining your back or crawling around on your hands and knees.

Built from galvanized, powder-coated metal to stay protected from rain, wind and sun. This material is highly resistant to rust, corrosion and fading so you don't have to worry about replacing rotten wood or cracking plastic.

A charcoal grey finish gives this garden bed a clean and modern look to offer a complementary and versatile design feature. Aluminum corner brackets and all other hardware included for an easy assembly and set up.

**TMG Industrial Rectangular Metal Raised Garden Bed, 79" Bed Planting,
Garden Planter, Galvanized & Powder Coated, TMG-MGB79**
