LOT 256 - TMG Industrial 2,300W Digital Inverter Gas Generator-Unused

Description

Features

- Reliable backup and/or remote power solution for all your appliance, lighting, tool application, computer and RV camping needs
 - Digital inverter produces DC power through fuel consumption and converts it to stable AC to offer a 7 hour run time at 50% load capacity
 - Powered by a reliable, 79 cc OHV engine that is connected to an efficient, high performance alternator which runs at an ultra-quiet 63 dBA
 - Maintenance-free solid wheels and a telescopic pull handle make this generator easy to transport and built to last with minimal upkeep
 - Built-in parallel cable kit allows you to connect two units to work in tandem with one another for a diverse and plentiful power supply in any location
-
- Starting watts: 2300
 - Running watts: 1800

- Rated frequency: 60 hz
- Rated voltage: 120/240V AC
- Phase: Single
- Insulation class: F
- Factor: 1.0
- Max. ambient temperature: 40°C
- Engine oil supplied: 1.1 qt, 10W-30
- DC output: 12V DC, 8.3A
- 79 cc displacement, four-stroke, air-cooled OHV engine
- Efficient, high performance alternator
- Easy to reach control panel
- AVR system & electronic ignition
- Weather resistant covered outlets
- Never flat, maintenance-free wheels
- 7 hours run time at 50% load charge
- 63 dB operation
- (1) 120V AC 20A 5-20R outlets
- (1) 120V AC 30A L5-30R outlet
- (1) 12V DC 8.3A outlet
- USB plug
- Built-in parallel cable kit included
- Telescopic pull handle
- Emission compliance: EPA compliance
- Electric safety certification: CSA certified
-
- This product is packed in a metal crate shipping box
- Shipping dimension: 23" x 15 x 22" (L x W x H)
- Shipping weight: 55 lb

Product Description

The TMG-2300GI 2300 Watt Digital Inverter Gasoline Generator produces DC power through fuel consumption and then converts it into stable AC power for all your light-duty remote and backup power needs. This generator is highly fuel efficient and also quieter than most other generators with an operating volume of only 63 dBA.

A reliable, 79 cc OHV engine is connected to an efficient, high performance alternator that allows this generator to power laptops, pumps, air conditioners, lights, televisions and more - all at the same time. Can also be used on job sites to supply power to multiple tools, battery chargers, lighting fixtures and other necessities to help you get the job done.

Solid, never flat, maintenance free wheels and a telescopic pull handle allow you to easily transport, load and store this generator without worrying about damage or time consuming maintenance. Built-in parallel cable kit allows you to connect two units together to work in tandem for a diverse and plentiful power supply wherever you are.

TMG Industrial 2300 Watt Digital Inverter Gasoline Generator, 79 cc OHV Engine, 6.5 Hour Run Time, 120/240 VAC, Telescopic Pull Handle, Parallel Cable Kit, TMG-2300GI
