LOT 282 - TMG Industrial Outdoor White Pine Barrel Sauna-Unused

Description

Features

- 3 Person load capacity giving you the option of enjoying some alone time or sharing warm moments with loved ones conversing together and relaxing
- Made with a white pine wood construction that is known for its strength-to-weight ratio and is the choice of North American homebuilders
- Solid cradle structure which gives the sauna a fortified base that is secure and keeps the entire structure off the ground
- Durable tempered glass door can safely handle high temperatures and is an elegant welcome into your own private space

- Heated by a sauna stove that you can pour water over and feel like you're visiting hot springs from another part of the world
- Heater fence included to protect yourself and guests from accidental bumps, bruises and burns
- Indoor lamps for daytime/nighttime and all year use, no matter the hour you can read a book or just enjoy a nice sweat
- Air vents prevent moisture build up and complement the white pine's natural long lasting lifespan and balanced strength composition
- Barrel profile that looks beautiful no matter where you put it on the property; enticing, modern homestyle look and feel
- Water bucket, sauna stove, sand timer and other accessories included for an all around spa experience at home without the need for fees or travel
 - Electrical power required: 230 V 60 Hz/15 A
 - Outer dimensions: 73" (L) x 59" (W) x 79" (H)
 - Inner dimensions: 70" (L) x 52" (W) x 78" (H)

 - Assembly hardware included; full assembly required
 - Outdoor power cord is not included
 - A certified electrician may be required for installation
 - FSC certified, 100% wood from well-managed forests
 - Plant and plant product imports permit from CFIA (Canadian Food Inspection Agency)
 -
 - Packed in a shipping crate
 - Shipping dimension: 87" x 44" x 25"
 - Shipping weight: 980.0 lb

Product Description

The TMG-LSN41 Outdoor White Pine Barrel Sauna brings the luxury, relaxation and health benefits of a spa to the comfort of your own home property. A durable, tempered glass door welcomes you into a private, elegant space that is completely yours. Unwind while surrounded by the heat from your own sauna stove, which warms the inside to a maximum temperature of 65°C. Its economical, energy saving design is a lavish, cost-effective addition to any home.

Built from strong, white pine wood, this sauna provides a classic cabin look and contemporary feel to any part of the property. Contributes to physical, mental and general well-being with heat waves that penetrate through your tissues to open pores and soften the body. Enclosed and insulated design offers you peace and quiet while you enjoy the outdoors from the toasty comfort of your own exclusive getaway haven.

Big enough to accommodate three people, so you can choose to have some personal time alone or share the space with loved ones and friends. Enjoy

cozy moments together and start a rejuvenating daily practice that can reduce fatigue, clear skin and increase alertness all at the same time.
