- Rated for 3600 RPM
- Recoil star

Product Description

The TMG Industrial 3" semi-trash water pump is design to allow small debris up to the size of a dime to pass through the cast iron impeller pump without clogging. Commonly it is used to pump clear, slightly muddy or sandy water. The machine features a powerful 6.5 HP gas engine capable of moving 220 GPM. Included in the box is a hose filter designed to handle water with mud, leaves, sand, sludge, and small twigs, ensuring uninterrupted use. A full cage protects the engine and pump, allowing for use in rough environments and a 3.6L gas tank provides 2.5 hours of runtime. The hose end connectors are made of quality metal to increase the operating lifespan and provide a reliable seal

TMG-80TWP 220 GPM 3" Semi-Trash Water Pump with 6.5 HP Gas Engine

Lots 147 and 148 are grouped together. Timed grouping of lots allows similar lots to be bundled together and sold. This gives interested buyers the option to bid on one lot or multiple lots within the group with all lots remaining open until bidding ends for the group. Each lot can be sold at a different price and/or to a different buyer.
