

Sale Name: GREENWOOD, BC-JUNE 15th, 2024

LOT 174 - TMG Industrial 6" Wood Chipper-Unused

Description

Features

- Maintain your home, acreage or commercial property with this handy, economical solution for tree limbs, branches and other yard waste
- Kohler 14 HP Command Pro Series engine is known for its smooth operation, reliability, power output and long lasting lifespan
- Gravity fed sloped chute offers effortless feeding for branches, twigs, shrubbery, compost and any other debris that needs to be processed
- Tough, durable 12" double edge cutting blades stay sharp for a long time but are also reversible for when you need to change them
- Dual belt drive system attaches to the blades and effectively transfers force produced from the engine and turns it into superior cutting power
- Advanced centrifugal clutch provides efficient energy transmission that allows the machine to run smoothly and for long periods of time

- Adjustable 360° discharge allows you to accurately dispose of mulched product whether that's into a dump trailer or directly to a garden bed

- Shipping dimension: 44" x 32" x 50" (L x W x H)
- Shipping weight: 620 lb

Product Description

The TMG-GWC6 gasoline powered, tow-behind wood chipper is garden care, property maintenance and yard clean all up packed into one affordable and convenient machine. Tidy up any piece of land with this handy addition to your equipment inventory. You'll be able to mulch branches, shred debris and get rid of yard waste with your brand new, easy to use home upkeep or commercial care solution.

Powered by a reliable Kohler 14 HP Command Pro Series engine for heavy-duty, all day work and operation. The dual belt drive system connects to tough, durable double edge cutting blades that can chew through branches up to 6" in diameter and turn them into an even mulch that can be used for your garden beds or landscaping projects.

Gravity fed sloped chute guides tree limbs, branches and any other yard waste to be processed in no time at all. The hinged hopper allows for easy drum access and maintenance while the adjustable discharge lets you accurately dispose of processed product. Simply hook up the 2" hitch to your truck or four wheeler for easy transport around the property and productive workflow.
