Product Description

The TMG-GT19 Self-Propelled Garden Tiller is a powerful, low-labour equipment solution capable of breaking up even the toughest land. Heavy-duty, hardened, rotating steel tines cleave through packed debris and dry dirt to churn up fresh, nutrient rich soil for your new flower bed, vegetable patch or other planting projects. Prepare a new section, for new life with the TMG-GT19.

Built with a powerful 5.5 HP OHV gasoline engine and quick switch forward/reverse movement for simple, dynamic operation that makes it easy to get the job done. With the adjustable tilling depth of up to 8", the self-propelled motion allows you to effortlessly guide the tiller while it does all the heavy work and upheaval.

Give your garden a makeover and breathe new life into upturned sediment for an ecosystem that is more diverse and welcoming to whatever you introduce to it. 19" of tilling width is a perfect size for your backyard garden or small plot allotment.

TMG Industrial 19" Self-Propelled Garden Tiller, 5.5 HP Gas Engine, Rear Tine, 8" Tilling Depth, TMG-GT19

- **Lots 450-451 are grouped together. Timed grouping of lots allows similar lots to be bundled together and sold. This gives interested buyers the option to bid on one lot or multiple lots within the group with all lots remaining open until bidding ends for the group. Each lot can be sold at a different price and/or to a different buyer.**
