

**Sale Name:** CRANBROOK, BC-SEPTEMBER 4th, 2024

**LOT 108 - TMG Industrial 72" Rotary Angle Broom-Unused**

## Description

### Features

- Versatile broom attachment for commercial/residential roadworks, parking lot/ pathway/driveway cleanup and snow removal
- Durable Eaton hydraulic motor powers heavy-duty poly/steel wire mix wafer brush bristles that leave surfaces clean, fresh and free of debris
- Floating linkage design helps the broom maintain full contact with the ground and reduces overall wear on the bristles
- 72" of working width for increased productivity that makes large areas manageable, quick and easy to do in a shorter period of time
- Bi-directional brooming action allows you to brush in both forward and reverse to increase efficiency and operate in tighter spaces
- Poly/wire mix bristles stand up to tough surfaces, dirt, debris and snow for long lasting use and durability in every season year-round

- A  $\frac{3}{8}$ " case drain line has been added to relieve excess motor pressure and maintain a steady work output even in high volume commercial environments
  - If your machine is a newer generation and comes with the third line outlet, connect the case line
  - If your machine is an older generation or does not come with the third line outlet, plug the case line, the machine should still work for a good performance.

### **pecifications**

- Skid steer loader power recommended: 45-75 HP
- Working width: 72"
- Number of wafer brushes: 41
- Brush diameter: 27"
- Core diameter: 8"
- Sweeping width at 30° angle: 63"
- Maximum angle (left and right): +/- 30°
- Hydraulic flow: 10-25 GPM
- Adjustable protective metal stands
- Motor protection guard frame
- Universal skid steer quick mount
- 
- This product is packed in a metal crate shipping box
- Shipping dimension: 89" x 57" x 31" (L x W x H)
- Shipping weight: 1230 lb
