

Sale Name: CRANBROOK, BC-SEPTEMBER 4th, 2024

LOT 111 - TMG Industrial 110lb.Telescopic Transmission Jack-Unused

Description

Features

- Designed for the easy installation and removal of transmissions; 1100 lb carrying capacity and 72" maximum height
- A freely working platform accommodates hard to reach lifting points and the compact design that makes it more versatile than other models on the market
- Two-stage hydraulic system with a manual handle and foot pedal operation for effortless lifting and lowering of transmissions
- Four heavy-duty swivel casters that allow for easy maneuvering throughout the shop as well as easy, tight angle storage when not in use
- Piston rod and piston cylinder have both been chrome plated for increased wear resistance and a reduced chance of skiving
