

Sale Name: CRANBROOK, BC-SEPTEMBER 4th, 2024

LOT 131 - TMG Industrial 10'x16' Aluminum Patio Cover w/Clear Panels-Unused

Description

Features

- Spend time with your family and friends outside under the shade and shelter where everyone can make memories, eat, socialize and relax together
- Makes a multi-use and easily transformable space that converts from an exercise studio to a dining area or backyard haven to anything your mind can imagine in a matter of minutes
- Creates a versatile place where you can read, sit back after a hard day's work, exercise, enjoy a steaming cup of tea or let the children run around and play
- Powder coated aluminum frame that stands up to the elements and protects this structure from cracks, rust and corrosion ensuring a long lasting, dependable investment
- Sturdy and lightweight but also durable with elegant details to create a space that is clean, modern and multi-use

- Clear roof with waterproof 8 mm twin-wall polycarbonate sheets allows light in but keeps UV rays out so you can sit under a bright and invigorating canopy without any worry of damaging your skin or applying sunscreen
- Lean to design helps direct water flow and prevent snow buildup during the winter
- Shelters your house or garage from damaging UV rays, protecting your biggest investments and creating a charming, playful and gorgeous outdoor space in the process
- Conserve your garden furniture, BBQ and other belongings all year round from exposure to snow, rain and sun which extends their lifespan and opportunities for use
- Built-in gutter heads and drainage system allows you to effortlessly channel and collect rainwater for a sustainable irrigation system; the rainwater can be used around the property for any type of home and gardening needs
- DIY assembly that can be done by two handy individuals over a weekend means no need to hire out contractors or spend time and money waiting around for others to do the job, you can start assembling as soon as it arrives and easily attach to your home or garage
