LOT 159 - TMG Industrial 60" Side Shift Offset Flail Mower-Unused

Description

- Compatible with 30-60 HP tractors and operable at 540 RPM for powerful, efficient mowing capabilities
- 60" of working width for time-saving, economical mowing of bigger areas such as fields, long ditches, building perimeters and large yards
- Blade rotor shaft driven with three drive belts and protective guards provide forceful energy transfer and safe working output
- Heavy-duty, industrial 730 lb frame built of quality, commercial grade metal will stand up to long working days for many years to come
- Rear roller installed with tractor top link arm to adjust the cutting height for the restoration of high, overgrown areas and uneven terrain
- Hydraulically controlled side to side shift movement of 14" for versatile cutting capabilities
- 24 long lasting and durable forged flail hammers grind through tough matted grass, weeds and other overgrown vegetation with ease
- Strong enough to tackle tangled growth and vegetation of all kinds for the reclamation and upkeep of once useable areas

- Adjustable skid shoes mounted on the sides that absorb most of the shock and protect the mower from damage
- Side shift action allows you to trim under low, overhanging tree branches or bushes and maintain hard to reach areas
- 3-point hitch system designed for front to back flotation that produces an even finish on contoured and angled grounds
- Rubber guard and mounting plates to reduce vibrational inconsistencies while also reducing overall wear and tear
- Produces consistent, nicely sized mulch that distributes evenly out the back with no need to extra, unnecessary clean up
- PTO driveline shaft included for easy hook up to your tractor and allows you to draw power directly from its engine
 - Mower size: 65" x 45" x 30" (L x W x H)
 - Structure weight: 730 lb
 - Tractor power required: 30-60 HP
 - Working width: 61"
 - Side shift distance: 14"
 - Cutting capacity: 1-1/2" thickness
 - Work efficiency: 4000-10600 yd²/h
 - Category 1, 3-point hitch
 - Adjustable tensioner
 - Adjustable & replaceable skid shoes
 - Two storage kickstands
 - PTO driveline shaft (included)
 - PTO Turning Speed: 540 RPM
 -
 - This product is packed in a wood crate shipping box
 - Shipping dimension: 72" x 35" x 30" (L x W x H)
 - Shipping weight: 860 lb
