LOT 266 - 2024 LandHonor Tree Puller-Unused

Description

Model: TP-13-08D Weight: 293 Lbs Overall Length: 45 in Overall width: 31 in Overall height: 21 in Post Pulling Capacity: 8" Tree Pulling Capacity: 6" Hydraulic Cylinders: 2.5" x 8" Maximum swing angle of swing arm: 34° Pulling tree diameter range: 2 in-8 in.

- The Skid Steer Tree and Post Puller Attachment will pull posts up to 8" and trees up to 6" in diameter. A 2.5" x 8" cylinder and serrated steel jaws provide plenty of grip on the trunk. The best skid steer attachment for removing trees this size, it eliminates the need to dig up roots or deal with tree stumps by pulling whole tree and root ball in one tug.

- **Lots 263-266 are grouped together. Timed grouping of lots allows similar lots to be bundled together and sold. This gives interested buyers the option to bid on one lot or multiple lots within the group with all lots remaining open until bidding ends for the group. Each lot can be sold at a different price and/or to a different buyer.**
