- The 3-Point Hitch Adapter is uniquely designed to run your agricultural attachments. In this particular case, it is for skid steer loaders with standard (low) flow features. Your category 0, 1 and 2 agricultural attachments can now be operated on your skid steer loader with power. This skid steer 3-point quick attach adapter features a quick hitch design that allows you to attach while in your the cab.

Lots 105-106 are grouped together. Timed grouping of lots allows similar lots to be bundled together and sold. This gives interested buyers the option to bid on one lot or multiple lots within the group with all lots remaining open until bidding ends for the group. Each lot can be sold at a different price and/or to a different buyer.

Quantity: 1
