LOT 297 - TMG Industrial 7' Cattle Work Chute-Unused

Description

Features

- Made for you to safely and efficiently work with cattle of all age and size for the nursing of calves, treatment of disease and administering of medicine
- Built out of heavy-gauge galvanized steel that is powder coated and will stand up to the elements and tough wear and tear from working with large animals
- Infinite locking system easily adjusts to the animals size for a comfortable restraint whether it be a calf, yearling, heifer or more mature cow
- Upper and lower side openings swing fully open to offer easy access to different parts of the cow to monitor health or give vaccines and treatment
- Single piece sliding tailgate operates with a simple pull/push action; pull to allow entry, push to slide the tailgate closed behind the animal
- Convenient side exit allows for emergency exits and sorting evacuations of the animal and is operated with a single quick release lever

- This chute allows for the easy maintenance and monitoring of large animals with minimal effort from the operator; simply guide through, lock, work and release
 - Overall dimension: 87" (L) x 51" (W) x 75" (H)
 - Alleyway width: 32-½"
 - Alleyway length: 80"
 - Alleyway height: 67-½"
 - Side exit w/release lever
 - Full swing upper & lower openings
 - Heavy-gauge, galvanized & powder coated steel design
 - 5-position anti-kick bar
 - Ribbed checker plate steel floor
 - Bearing-installed sliding head and tailgate
 - This product is packed in a metal crate shipping box
 - Shipping dimension: 85" x 22" x 75" (L x W x H)
 - Shipping weight: 900 lb
