LOT 306 - TMG Industrial 10' x 20' Tunnel Greenhouse-Unused

Description

Features

- Durable, warm, ventilated, year-round protection for your seedlings, flowers, herbs and other plant life that can be used personally or professionally
- Galvanized steel ground base bars and frame body provide a sturdy construction that is rust resistant and corrosion free for long lasting protection
- Ripstop tarpaulin cover is waterproof and transparent enough to diffuse direct sunlight, storing solar energy inside to keep your plants warm and happy
- No need for artificial lighting because of the covers light permeability and UV coated protection; save money with natural growing conditions over time
- Roll-up door gives you a spacious opening to transport new additions, materials, tools and landscaping carts in and out
- Roll-up mesh windows allow you to regulate air flow for optimal conditions and a round top design helps direct falling moisture off the structure

- Simple assembly that involves easy bolt-on connection for a quick, no-hassle set up so you can start planning your new plant growing opportunity
 - Overall dimensions: 10' (W) x 20' (L) x 7' (H)
 - Galvanized steel tube frame structure
