- Displacement: 429 cc
- Starter type: Recoil & electric start (battery included)
- Cast iron cylinder liners
- Oil Sentry automatic shutdown

Accessories:

- Two LED work lights
- 33' high pressure hose
- 3' spray wand and gun assembly
- Five nozzle

Product Description

The TMG-HW41T commercial grade 4000 PSI hot water pressure washer makes the cleaning of your company vehicles, farm equipment, ride on machinery, windows and walls convenient and easy to do. Whether you're working in oil and gas, construction, transport or agriculture, this pressure washer is a great addition to your inventory and will save on cleaning costs for years to come.

Powered by a reliable 14 HP Kohler Command Pro Series engine that is built to last and capable of all day operation. It pumps out almost 4 gallons per minute under approximately 4000 PSI of pressure that will cut through grease, dirt, oil, flaked paint and anything else you need to wash away with ease.

Your new pressure washer is mounted in a skid style steel frame with a 245-gallon water tank that could be easily lifted onto a pickup or flatbed. The 12V DC ignited oil burner heats water to a steaming 85°C in under 3 minutes for even more cleaning power. The TMG-HW41T is a cost-effective cleaning solution for your home or commercial business.
