LOT 316 - TMG Industrial 6' x 8' Metal Shed Pent Skylight-Unused

Description

Features

- Small sized shed for the storage of tools, fertilizer products, soil, buckets and equipment that can be used for any garden or backyard
- Approximately 48 sq-ft of floor space provides plenty of room to store larger items and equipment like bikes, lawn mowers, long handled tools and more
- Durable transparent polycarbonate front skylight allows natural light to flow in and illuminate the interior for better visibility
- Galvanized corrugated metal sheet panels are durable and highly resistant to moisture and sun exposure for long lasting durability
- 41" wide sliding door entry provides ample access into and out of your shed for the easy storage and removal of equipment, bikes and materials
- Angled pent shed metal roof design directs moisture off the roof and eliminates the need to install and replace shingles or worry about leaks

- Self-tap screw-together assembly that can be performed by you and a friend with basic household tools for a quick and easy setup
