**LOT 268 - A knight 39X28**

### Description

This evocative painting captures a fleeting, human moment amidst the grandeur of chivalry — a knight not in battle, but in preparation. While the knight symbolizes strength and resolve, the squire's presence reminds us that even legends require humble hands to steady them. The composition tells a quiet story of trust, duty, and the unseen labor that supports greatness. 39X28

**Quantity:** 1
