LOT 271 - Autumn 44X29

Description

This autumn scene captures the vibrant spirit of harvest season, where the land glows in shades of gold, red, and brown. The sky, darkened slightly with the smoke of distant fires or fading sun, adds a sense of completion. It's a tribute to the turning of seasons —abundance gathered, warmth remembered, and the quiet beauty of nature's final flare. 44X29

Quantity: 1
