

**Sale Name:** GREENWOOD-May 13th, 2023

**LOT 38 - TMG Industrial 1.5HP 10 Gallon Portable Electric Air Compressor-Unused**

**Shipping Available** YES

**Delivery Available** YES

### **Description**

#### **Features**

- Excellent piece of equipment to power hoses and tools like sanders, sprayers, nail guns and more around the shop or on-site at a job
- Equipped with a 10-gallon air tank and energized by a 1.5 HP, ETL approved, oil-free, dual piston electric motor that produces clean, powerful compressed air
- Two 1/4" quick connectors allow you to use two tools at the same time, increasing your overall output, workflow and jobsite efficiency
- Low noise level of only 70dB means you can work early mornings, late nights and any time in between whether you're in a neighbourhood, garage or otherwise
- Two large pressure gauges to see air levels both in the tank and at the outlet, as well as a heavy-duty handle and flat-free rubber tires for easy maneuvering

## Specifications

- Electric motor: AC 120V/60hz, 8.8Amp, 1.5HP
- Motor speed: 1750 RPM
- Maximum working pressure: 115 PSI
  - 5 CFM at 40 PSI
  - 4.3 CFM at 90 PSI
- Tank size: 10-gallon ASME certified vertical tank
- Tank fill time: Under 3 minutes
- Noise level: 70 dB
- (2) ¼" NPT quick connectors
- (2) Large pressure gauges
- (2) flat-free rubber tires
- Heavy-duty handle
- ETL approve
- This product is packed in a wood crate shipping box
- Shipping dimension: 17" x 16" x 33" (L x W x H)
- Shipping weight: 100 lb
- 

## Product Description

**The TMG-ACE10 1.5 HP Portable Electric Air Compressor is equipped with a 10-gallon air tank and operated by an ETL approved, oil-free, dual piston electric motor that offers clean, powerful compressed air with little to no maintenance. Excellent piece of equipment to power hoses and tools around the shop or on-site at a job.**

Two ¼" quick connectors enable operators to use two tools at the same time, increasing efficiency, overall output and workflow. Two large 2" pressure gauges show you air both in the tank and at the outlet for precise monitoring of performance.

A low noise level of only 70dB means quiet operation for early mornings, late nights and all-day operation in neighbourhoods, garages and more. The heavy-duty handle and flat-free rubber tires make this compressor easy to maneuver where it is most convenient.

**TMG Industrial 10 Gallon 1.5 HP Electric Air Compressor, Oil-Free Dual Piston Pump, 3 Min Fill Time, ASME Vertical Tank, TMG-ACE10**

**Quantity: 1**
