LOT 114 - TMG Industrial Two Post Auto Lift Floor Plate 10,000lb (2 Boxes)-Unused

Shipping Available YES

Delivery Available YES

Description

Features

- Ideal for repairs, fluid changes, body work and more in commercial shops, personal garages and general automotive service departments
- 10,000 lb lifting capacity and 77" lift height can accommodate most trucks, cars, SUVs and classic/sport models with ease
- Floor plate design protects cables, hydraulic lines and electrical wires while keeping the top open for maximum vehicle clearance overhead
- Symmetric telescopic reach arms on either side feature automatic arm restraints and offer a diverse array of support positions
- Dual hydraulic chain-drive cylinders power heavy-duty $\frac{3}{8}$ " steel cables and generate more than enough force for a smooth lifting operation

- Two post floor plate design is only limited by ceiling height; it has a small footprint and is easy to install in a variety of locations around your shop or garage
- Reliable, solid, industrial construction with a reinforced base is optimized for safety and high-traffic commercial or personal work

Specifications

- Lift capacity: 10,000 lb
- Overall height: 110"
- Overall width: 134"
- Outside column width: 124"
- Inside column width: 110"
- Crossing floor plate height: 1-1/4"
- Column size: 10-1/2" x 7"
- Column base: 20" x 15"
- Column steel: 6 GA
- Carriage steel: 4 GA
- Cable diameter: 3/8"
- Lift height (pad only): 72"
- Lift height (with 5" adapter): 77"
- Lift height clearance: 71"
- Minimum height from the ground: 4-1/2"
- Drive through clearance: 100"
- Retractable front arm: 31-1/2" - 48"
- Retractable rear arm: 31-1/2" to 48"
- Travel speed:
 - Rise up at 90% load: 45 to 50 sec.
 - Lower down: 30 to 35 sec.
- Max. load capacity per arm: 2,250 lb
- Installation concrete slab required (minimum): 4-1/2" with 3000 PSI cured
- Automatic arm restraints
- Dual point lock release
- Mounting hardware included

Hydraulic Motor Pump Power Unit:

- 220 VAC, 3 HP, single phase
- No-load speed: 3360 RPM
- Working pressure: 2600 PSI
- Tank capacity: 2.5 US gal
- Pump oil required: AW32/AW46
- CETL certifie
- This product is packed in two crate shipping boxes
- Box A: 110" x 22" x 30" (L x W x H)
- Box B: 32" x 10" x 14" (L x W x H) (ALP03)
- Shipping weight: 1285 lb

Product Description

The TMG-TPL45 Two-Post Auto Lift is an excellent choice for personal garages, small shops or general automotive service departments. With a 10,000 lb lifting capacity and 77" lift height you can easily lift most cars,

trucks and SUVs for mechanical work of any kind. A floor plate design keeps all hydraulic, steel cable and electrical lines protected while opening up the overhead for maximum vehicle clearance.

Symmetric telescopic reach arms on each side provide versatile support positions to accommodate all the unique makes and models you may be working on. Self-lubricated carriage sliders along the columns and automatic arm restraints reduce wear on the lift and will give you long lasting performance with lower operating costs and maintenance expenses.

Dual hydraulic chain-drive cylinders power $\frac{3}{8}$ " industrially strengthened steel cables that are fed through the columns and floor plate to give you the force needed for smooth, efficient lift operation. This lift features a heavy-duty structural bottom with reinforced base to increase stability and safety for a reliable automotive work solution that is solid and built to last.

TMG Industrial 10,000-lb Two Post Floor Plate Auto Lift, Symmetric Arms, 77"

Lift Height, Dual-Point Lock Release, TMG-TPL45
