Description

Assortment of Wood Panels/Boards approx 60 Sheets

wood boards or panels, likely intended for use in construction, woodworking, or home renovation projects.

These boards could include:

- **Shelf boards:**

Available in various sizes and wood types like maple, hickory, or red oak, often featuring formaldehyde-free technology for improved indoor air quality.

- **Constructed boards:**

Used in furniture manufacturing, these are lightweight yet stable, often made with a frame of chipboard or fiberboard and a honeycomb filling of recycled paper, covered with paint, foil, or veneer.
