Product Description

The StanForge WB7215S Stainless Steel Rolling 72" Workbench is a versatile, commercial strength storage and work surface solution for your garage, repair shop, automotive business and any other home or industrial setting. It has a durable, fully welded frame with an anti-fingerprint stainless steel finish and long lasting rubberwood tabletop surface, all built with quality, aesthetic and performance in mind.

This bench features heavy-duty lockable wheels and 15 lockable sliding drawers with dual sliders on the bottom drawers. The mobility and security of this workbench make it incredibly adaptable to any kind of professional work or hobby environment.

A tubular handle is attached to the side of the unit making it easy to push, pull and move into place wherever you are. Aluminum drawer handles are rust resistant and easy to grab, and pre-cut inner drawer liners protect the bottom surfaces from scratch and wear
