LOT 94 - 2022 Mower King Skid Steer Flail Mower-Unused

Description

1. Skid Steer flail mower has a hydraulic motor system with a drive belt to the flail shaft.
2. Adjustable skid shoes to prevent damage to the cutting surface.
3. Double spiral driveshaft.
4. Front guard: cantilever galvanized slats.
5. Check valve, oil-in, oil-out, and case drain.
6. Self-leveling kit.
7. Flat-faced NPT thread couplers included.

In Skid Steer Flail Mower is a must-own skid steer attachment to work efficiently to mow brush, grass, and vegetation up to 2".

- Perfect for maintaining your fields, orchards, vineyards, and other farm properties.
- A sturdy universal mount and steel frame ensure the machine can handle the job when exposed to rougher applications.
